The Kids Klub provides equal opportunity in education and employment, not on the basis of race, religion, national origin, gender, age, disability, or status as a Vietnam-era veteran as required by state and federal laws.

PROGRAM MISSION

The Kids Klub, Inc. is a multi-service youth development center that provides safe and enriching opportunities for Grangeville's youth.

OUR PHILOSOPHY

We believe that the family is the primary source for the growth, formation and education of its members. The Kids Klub is designed to assist your family in fulfilling this role.

The Kids Klub will provide opportunities to enhance your child by:

- Increasing the development of their self-worth and developing confidence in their ability to make choices and decisions.
- Exploring new and creative ideas to continue to develop their abilities & skills.
- Increasing curiosity about their environment and encouraging their desire to learn.
- Providing opportunities to grow in their ability to be sensitive and supportive of others.
- Encouraging the continued development of trustworthiness, respect, responsibility, fairness, caring and citizenship.

ENROLLMENT

The Kids Klub is designed to serve students in grades K-6.

Children with special needs will be accepted, within established placement priorities, if their needs can be reasonably met. We will do our best to serve children in the family's primary language.

Available space will be filled on a first-come first-serve basis with preference given to full-time participants. Children enrolled for the full school year have priority for enrollment for the next year, provided the necessary forms are completed and the pre-registration fees are paid.

An enrollment packet must be completed before a child can attend. Forms are available from the Program Director or the Kids Klub Teachers or on our website at www.thekidsklub.org. The Lead Teacher will be happy to meet with you one-on-one for an orientation of our program or to share goals, concerns, etc. Please call 983-2285 to schedule this.

The Kids Klub staff will contact all new participants' families within one month of enrolling to check in and make sure that we are meeting your family's needs.

REGISTRATION FEE

A \$30/per child yearly registration fee is required at time of registration.

ATTENDANCE INFORMATION

Release of Children

Upon enrollment, the names of the persons authorized to pick up children must be given. We will not release children to persons who are not listed on the registration forms as “***authorized to pick up child.***” You must let us know in advance if someone else will be picking up your child. Please have photo identification available for verification upon pick-up.

Absences

The Kids Klub staff **must be notified when your child will be absent or late for any reason.** This is for the safety and protection of your child. Parents whose children are part-time attendees need to call on the days their child will attend. This courtesy call insures your child’s safety.

Withdrawal From The Kids Klub Program

Parents must give two weeks advance, written notice regarding withdrawal of a child from the program, or the parents will be assessed for the full fees for that two-week period. The person who signs the enrollment packet is solely responsible for all financial obligations incurred as a result of participation in The Kids Klub Program. If a refund is due, the program must receive a written request within two weeks of withdrawal.

Hours of Operation

The Kids Klub Program is open before school from 7:30-8:00 a.m. and from afterschool until 5:30 p.m. The Kids Klub will not operate during major holidays, spring break, one week of Christmas vacation, or on weekends.

Signing In and Out

Daily, each child will sign themselves “in” when arriving at the Kids Klub. When you pick up your child from the program you **MUST** come into The Kids Klub and sign your child out. This procedure, although cumbersome, is necessary for the safety of your child.

Only the parent or an authorized adult may sign your child out. Authorized adults are those listed on the emergency form. It is the parent’s responsibility to provide an up-to-date list of authorized adults. Please have photo identification available for verification upon pick-up.

Late Pick-Up

Parents are expected to pick up children by the contracted time. If a parent will be picking up a child later than the contracted time, The Kids Klub staff must be notified. The program closes at 5:30 p.m. daily. Failure to pick up children by 5:30 p.m. will result in a **\$1.00 per minute** fine. The only clock that counts is the one at The Kids Klub program site.

Repeated violations of the pick-up policy will result in withdrawal of services. We understand that conditions are sometimes beyond the control of the parent (inclement weather, accidents, etc.). If these conditions arise, it is imperative that the parents notify The Kids Klub Program Director or Lead Teacher *as soon as possible*.

ARRIVAL

If you will be dropping your child off at the Kids Klub, please enter using our South A Street entrance. You may use the two-lane drop-off area or our parking lot and bring your child inside. *Please note that the speed limit in our drop-off lanes is 5 mph to ensure child's safety. The two-lane area has a 5 minute time limit to avoid congestion. Please ensure that your child is signed into their appropriate class upon arrival.

Before School Arrival

Kids Klub staff will walk your child to GEMS and/or Sts. Peter & Paul prior to the start of school at 8:00 a.m.

DEPARTURE

In order to ensure the safety of all, a staff member will pick up children at GEMS and at Sts. Peter & Paul School after school. They will walk to the Kids Klub together **after** the buses have left GEMS. No child should cross Court Street after school without an adult assisting them across the street.

NOTICES TO PARENTS

When you sign your child out, please check every day for up-to-date information or notices. It is the parent's responsibility to check for pertinent information. The notices will be clearly posted and available for your pick up. It is not the staff's responsibility to inform each individual family of happenings, although we will make every effort to do so. A monthly calendar will be given to you with information on upcoming events.

Each child will have a space in which to store personal belongings (cubby). Before leaving the site each day, **please check your child's cubby & mailbox and take all personal belongings with you**. We attempt to monitor cubbies to ensure that your child's belongings are safe. Please do not send money or valuables with your child to The Kids Klub.

The Kids Klub, Inc. is very sensitive to the fact that information concerning you, your child, and your family is private and personal. Trust and confidentiality are essential to building trusting relationships. We are committed to maintaining your privacy and protecting personal information. The Kids Klub, Inc. will not disclose information except as required by law or when there is a threat to the health and safety of the individuals and families we serve.

To ensure the safety of all, please ring the bell in the foyer and a staff member will buzz you in.

CHILD ABUSE AND NEGLECT

To prevent child abuse and neglect, this program:

1. *Trains staff to avoid one-staff-one-child situations if at all possible. If scheduling requires one adult be alone with one child, the parent is always informed at pick-up.
2. *Design our classrooms to avoid hidden and secluded areas.
3. *Makes sure interactions between children and staff can be observed and interrupted.
4. *Uses proper names for body parts.
5. *Never forces children to give affection.
6. *Tells children that if they have questions about someone's behavior, the best thing they can do is ask about it.
7. *Explains that secrets can be harmful.
8. Trains staff in Strengthening Families Protective Factor Framework and Stewards of Children Darkness to Light.
9. Requires a background check for all staff.
10. Develops positive, non-judgmental relationships with parents.
11. Is alert to signs of stress in parents and struggles in the parent-child interaction.
12. Communicates regularly with parents concerning a child's progress.
13. Provides education including offering tips for specific challenges.
14. Provides opportunities for parents to become involved in their child's care.
15. Provides information about community resources.
16. Models developmentally appropriate practices by allowing the parent observational opportunities to see their child interact with child care staff.
17. Provides an atmosphere for parents to share their experiences and develop support systems.
18. Reaches out to all family members that are involved in a child's development.

A report of child abuse is not an accusation. It is a request for more information by a reporter who has reasonable suspicion that abuse or neglect may be occurring. A report does not mean that our employees must determine that abuse and/or neglect has occurred. In Idaho, Child Protective Services is responsible for that determination.

*These strategies are part of our sexual abuse prevention plan.

PHONE CALLS

Your child will be allowed to use the telephone when necessary. However, each time they use the telephone they will need a The Kids Klub staff person's permission. Need to use the telephone will be assessed on an individual basis.

WEATHER & CLOTHING

Your children should be dressed appropriately for the weather. All clothing should be labeled to avoid mix-ups and confusion. The Kids Klub is not responsible for any broken, torn or lost personal belongings.

SNACKS

Nutritious snacks are provided each day. It is the responsibility of the parent to inform our staff if their child has any food allergies. If the child has other food preferences that cannot regularly be accommodated by the program, the parent is asked to provide the child's snack.

ELECTRONICS

To reflect our belief that when used appropriately and safely, technology can support learning, we enable the children to use electronic devices. At the same time, we do all we can to ensure that technology is used appropriately and that children are safeguarded against all risks attached to technology. While it is not possible to completely eliminate risk, any e-safety concerns that do arise will be dealt with quickly to ensure that children and staff adhere to safe practices and continue to be protected. Children may not use their mobile phone or other internet enabled or electronic devices at the Kids Klub unless informed they may do so and if they are supervised.

DIAPERING

Kids Klub is unable to serve children who need diapering assistance as our center does not have diapering facilities at this location.

FIELD TRIPS

Educational field trips will occasionally be part of the curriculum. Parents will be given advance notice of the date, time, and type of transportation, destination, and the activities involved for each field trip. A sign announcing the field trip will be posted. Some field trips are optional. In this case, a sign-up sheet will be posted at The Kids Klub for parents to sign their child up for a particular field trip. A form granting permission for a child's attendance on field trips must be on file. This form will be signed at the time of enrollment.

ASSESSMENTS

Your child will be assessed several times throughout the year by Kids Klub staff. This will help us to identify areas of strengths and challenges that they may have. This will help us identify goals for each child and will help us work towards meeting those goals. We will be happy to share these results with you at any time.

DISCIPLINE

It is important to the well-being and development of young children that they have clear, consistent, and appropriate limits set on their behavior. Our discipline policy is based on the worth and dignity of each child. Any form of discipline that impairs the student's self-respect will be avoided. It is our teacher's role to be a strong leader, helping each child grow toward self-discipline and self-direction.

Teachers should administer such discipline within the program as would be exercised by a kind, firm, judicious parent at home. Corporal punishment is prohibited in all circumstances. At no time will a child be struck, roughly handled, or verbally abused as a disciplinary measure.

When inappropriate or unacceptable behavior is exhibited, the staff will deal with the individual or individuals involved. If necessary, "time-outs" will be used to help the child gain self-control. Time-out is not a punishment and is not intended to humiliate the child. It merely helps the child gain self-control, reassess the situation, and re-establish some inner control. Time-out also gives the child an opportunity to discuss his/her feelings.

If a child creates a physical mess, he/she will be responsible for cleaning it up. If a child purposefully breaks or damages property or equipment being used in the program, the parents will be responsible for replacement.

All reoccurring or serious behavior problems will be discussed with parents in order to establish a joint plan for changing the undesirable behavior. An Incident Report will be completed for each undesirable behavior incident. The Program Director or Lead Teacher will discuss these problems, as they occur, with the parent and have the parent sign the Incident Report.

If a child's behavior continues to be such that it has a negative effect on the other children or staff, the parent will receive written notice that the child has been placed on probation, and the parent may be required to withdraw the child from the program. Depending on the behavior problem, suspension may be imposed.

If a child has the intent to cause harm or intent to threaten other children, himself/herself, or staff, the child will be removed from the program immediately. The Program Director will determine the length of suspension. Readmission to the Kids Klub will be dependent upon a parent meeting with staff.

If a child needs to be removed from the program, the Program Director will make the decision. The Program Director will notify the parents of the dismissal.

Things may happen at home that affect your children's behavior. Please, feel free to discuss these matters with the Staff, if you think we might be able to help.

In order for us to instill self-discipline, we need cooperation and support from every parent.

EMERGENCIES

In the event of an emergency or natural disaster, the following procedures will be initiated:

1. All children in the program will be kept at the site until they are picked up by parent or authorized person. Staff is to remain with children until all children are checked out.
2. Should it be necessary to evacuate the children from the site, staff will walk your child to the Grangeville Elementary Middle School field.

ILLNESSES & ACCIDENTS

It is the parent's responsibility to monitor the daily health and physical condition of their child and to determine their child's ability to actively participate in school and in The Kids Klub.

If a child is too sick to go to school, the child is too sick to attend The Kids Klub.

When a child shows signs of illness the parent will be contacted and must pick up the child immediately. The child will be isolated and made comfortable until the parent or other authorized person can pick up the child.

Children are considered ill when exhibiting any of the following symptoms (**presently or within the last 24 hours**):

**Fever of 100°+ or Chills
Matterly Eyes/Nose
Inflamed or Sore Throat**

**Undiagnosed Rash
Severe Cold**

**Vomiting
Diarrhea**

At the Lead Teacher's request, a child who does not appear to be fully recovered from an illness shall not be readmitted to The Kids Klub unless there is a statement by an attending physician indicating that the child is able to return and participate in the activities.

If a child has a contagious disease, for example, lice, pinkeye, chicken pox, the child must be removed from the program until proper treatment has been completed and/or a doctor releases the child. Appropriate verification of treatment may be requested of the parent. If a child has been exposed to a communicable disease, The Kids Klub Staff must be notified. Parents of enrolled children will then be notified. The exposed child's name will remain confidential.

If Pink Eye (Conjunctivitis) has been diagnosed, your child must have received optical antibiotic ointments or eye drops for 24 hours or more and not have tears or discharge in order to be readmitted.

MEDICATION POLICY

If a child is on medication, which must be taken during his/her stay at The Kids Klub, it will be necessary to have, on file, a note from the parent. All medication must be in the original container with the doctor's and/or pharmacist's instruction label. Only over-the-counter medication approved by the parent on the Medication Form will be administered. **If your child uses an inhaler or an epipen please provide one for staff to keep on site.**

ACCIDENTS

If a child has an accident that is serious enough to require any special attention, the staff person attending the child will send home an accident report. If an accident occurs which might need medical attention, the staff will contact the parent (or if they can't be reached the emergency contact person) immediately so he/she can take the child to the doctor or dentist.

In an emergency, when immediate attention is needed, the staff will call 911, and then contact the parent/emergency contact person. After 911 have been called, it is up to the paramedics to decide what to do. If they and/or the parent(s) decide the child needs emergency treatment, they will take him or her to the hospital, and the parent or other individual who signed The Kids Klub agreement will be responsible for the medical charges. **THERE MUST BE A CURRENT, SIGNED PERMISSION FORM FOR EMERGENCY MEDICAL TREATMENT ON FILE AT ALL TIMES.**
